
Title: Justice

Author: Jander Starym

JUSTICE

Green is the color of
the shrine that
upholds Justice. It is
exemplified by
upholding the laws of
the land, and to make
sure equality is being
executed to the finest
degree. The grand city
of Yew upholds this
shrine, and Wrong is
the dungeon that
dishonors it's name.
The Detective is the
best occupation to
describe this endless
pursuit of upholding
the law. It should be
noted that in Fell side
the shrine has turned
an angry Red.

Justice comes when
whatever wrong was
committed was
repaired. True
Justice is achieved
when whatever was
damaged was healed,
and not if merely the
offender being
punished. justice
seeks to surpass a
mere law and order
system in the way
that it focuses more on
repairing what was
damaged.
